

Call for Nominations: SCC Board of Directors (2023-2025)

Do you want to take on an active role in a growing national Society?

The Society of Canadian Colposcopists (SCC) is seeking nominations from members of the Canadian colposcopy community for **one (1) Director-at-Large** position on its Board of Directors – a two-year term from 2023 to 2025. SCC strives for a Board that reflects a diversity of geographical regions, experiences, backgrounds, and perspectives. Trainees, including residents and fellows, are welcome to apply.

As a director in a national organization, you will have opportunities to spearhead initiatives that will help make SCC a valuable resource and networking hub for members and healthcare professionals within the broader colposcopy community across the country!

Eligibility Criteria

In accordance with [SCC's Bylaws](#) and the [Canada Not-for-profit Corporations Act](#), all candidates must meet the following requirements:

- Hold an active SCC membership for the duration of their term;
- Be individuals over the age of 18 years who have not been declared incapable by a court and who do not have the status of bankrupt; and
- Attend five (5) virtual board meetings per year (on the second Tuesday evening in January, March, May, September, and November) and special meetings as required.

To Apply

To express your interest or nominate a colleague, please complete the online nomination form (<https://forms.office.com/r/H9EUgvYC2i>). In this form, you will be asked to provide your biographical information and statement of interest (max. 300 words).

Nominations will be reviewed by the Membership Committee consisting of the President, President-Elect, and Membership Chair. Successful candidates will be recommended to the Board of Directors, then to the membership for approval.

About SCC and Its Board

SCC is a national organization bringing together healthcare professionals who have displayed a particular interest in, and knowledge of, lower genital tract neoplasia and benign disorders and are willing to assist the Society in attaining its goals and objectives:

- To strive for the provision of the highest quality of care in the detection and treatment of cervical, vaginal, and vulvar cancer precursor lesions and other benign lesions of the lower genital tract;
- To recommend and strengthen the basic standards in the training program in colposcopy and associated treatment modalities;
- To encourage basic, clinical, and epidemiologic research in colposcopy and lower genital tract disease;
- To develop and recommend clinical practice guidelines for colposcopy; and
- To provide an educational forum for interdisciplinary presentation, discussion, and publication of scientific inquiry into colposcopy, pre-invasive cervical disease, and other benign lesions of the lower genital tract.

The 10-member SCC Board is composed of a President, President-Elect, Past-President, Secretary-Treasurer, Membership Chair, Education Chair, and four (4) Directors-at-Large, all of whom have obtained their Canadian or foreign certification in obstetrics or gynecology, family medicine, or another relevant specialty and have successfully completed a recognized training program in colposcopy and its related treatment methods.
